To our customers supplying Volvo Cars

December 22nd, 2021

**Price adjustments as of January 3rd, 2022**

Despite the current pandemic, demand for raw materials in the production of packaging has increased significantly, resulting in price increases in the market of various materials.

In paper-based materials, a continued sharp increase in demand from e-commerce, as well as a continued stable industrial economy led to both longer delivery times and increased prices.

The costs of all types of transport have increased in recent months, mainly due to increased costs of the ongoing pandemic and its consequent actions.

**Therefore, we are forced to make price adjustments as of January 3rd, 2022, for the following product areas:**

Corrugated board and other paper-based products.....+ 15,2%

However, our goal is to continue our good cooperation in delivering cost-effective packaging solutions and thus – a cost of value to you as a customer.

**For more information - please contact your Account Manager**

We look forward to continuing good cooperation.

Yours sincerely,

Boxon AB  
Christer Rapp  
CEO
