To our customers supplying Volvo Cars

July 9th, 2021

Price adjustments as of August 1st, 2021

We continually see increasing raw material prices for wood. The increases are driven by high demand and low availability on the market. It does not follow any index, instead the availability regulate the market prices.

The costs of all types of transport are still increasing, mainly due to increased costs of the ongoing pandemic and its consequently actions.

The availability for pallets, lids and collars are highly affected and close dialog between us is a need for future needs,

Therefore, we are forced to make price adjustments as of August 1, 2021 for the following wooden products:

Wooden pallets V8X, V8L, HD-L and Inbound L	+ 15%
Wooden pallet HD-F	+ 30%
All other wooden pallets	+ 18%
Corner & Side supports	+ 23%
Wooden Collars	+ 35%
HD-F and HD-L plywood lid	+ 26%

However, our goal is to continue our good cooperation in delivering cost-effective packaging solutions and adding value to you as a customer.

For more information - please contact your Account Manager

We look forward to continuing our good cooperation.

Yours sincerely,

Boxon AB
